

AFTERNOON WALKS ADDITIONAL INFORMATION

Thank you so much for choosing Blue Dog Hiking. I am a small business and your support is greatly appreciated.

REQUIREMENTS OF YOUR DOG:

Your dog must be physically capable of completing a minimum 1 hour long walk and a vehicle ride. He/she should be able to comfortably walk off leash and have a reliable recall. Additionally it is recommended your dog have a solid "leave it" command. Your dog should be able to interact briefly and calmly with other passing pedestrians and their off leash or on leash dogs. He/she should not be reactive, aggressive or fearful towards dogs, people or vehicles off leash. They should not have a bite or spook history.

PICK UPS:

Your dog will be picked up between 11:30 - 2:00 pm. I will require entry to your house via spare key, hidden key or keypad code.

DURING THE WALK:

I take the dogs for a minimum 1 hour walking excursion. I visit a large variety of locations for our afternoon walks - all of differing quality in terrain and scenery. I will plan the walk to suit your individual dog's needs. I don't always offer photography or video for our afternoon walks because we want to make the most of our hour-long walk. When I do take media it will be available on our social media alongside the morning hiking media.

DROP OFFS:

Your dog will be dropped off between 1:30 - 4:00 pm. Please know that the dogs can become very dirty on their walks. I will give them a quick toweling at your door if necessary/desired. Please leave a towel in an obvious location. The towel will not entirely clean or dry your dog and I would recommend protecting your house with this in mind!

PAYMENTS:

Your dog's walks will be recorded on a monthly invoice that is sent out via email at the end of the month. Hikes are also recorded on the same monthly invoice. Cash or e-transfer is accepted.

MY GUARANTEE TO YOU:

Providing quality exercise and socialization for your canine family members is my passion. The dogs love being out for their walks and enjoy the unique experience of walking off leash with their own kind. My afternoon walks are 1 hour long in addition to vehicle transit time so you may expect your dog to be out of the house anywhere from 1.5 - 4 hours.
